**Credit – debit cards**
Cards linked to overseas accounts can also be used to withdraw local currency at the ATMs of the major local banks. Credit cards are accepted at most establishments.

**Reaching the city & Transportation**
Public transportation is the most inexpensive and one of the fastest ways to get around the city. You will need to purchase a MetroCard (available through MetroCard Vending Machines at all subway stations). MetroCard’s can be used on both subways and buses. Each ride is $2.75. You can also purchase an unlimited weekly pass for $32.00.

**Google Maps** is an excellent way to get directions around the city. Download the app onto your phone and enter an exact address, cross streets, or landmark in the search box. The website will give you directions by subway, bus, or walking. You may specify if you only want to use the train, the bus, walk, etc. If you have a smart phone, Google Maps is easily accessible.

**Helpful tips:**
- ✓ Plan ahead. If you enter your destination into Google Maps, the app can give you step-by-step directions to your destination by public transportation. It is still helpful though to take a look at the subway map to understand which subways you will be taking.
- ✓ When you’re on the trains, pay attention to the announcements for stations so you don’t miss your stop.
✓ Make sure you’re on the right train. Trains go in two directions. Be clear whether you’re going uptown or downtown.
